There were good winds blowing and remained rather constant throughout the day. Built up slightly to 13 Knots for the last race.
 5 Boats raced for the day, and we managed 3 races for the day.
 The J22 named Da J skippered by Dirk Manten suffered a casualty when their back stay broke in the 2nd lap of the last race!

Wind at Start - 6 knots
Wind 1st boat 1st lap - kn

The MOD Summer series held on 2nd April 2023 went off very well. We fitted in 2 races. The wind was a fair 4 to 6 knots. The wind was a bit shifty but not too bad that we had to re-setup the course. After 2nd race there was a lull in the wind. We were planning on doing a 3rd race. The weather forecast had forecast that a storm was going to come through at about 14h00. We thought the calm was "the calm before the storm". We decided to cancel any further racing for the day.

The only hiccup for the day was that our hooters were not working, even though we had our battery on charge overnight. Fortunately for backup we had a vuvazella type instrument that we could use for the sound signals

Wind at Start - 6 knots
Wind 1st boat 1st lap - kn

The MOD Summer series held on 2nd April 2023 went off very well. We fitted in 2 races. The wind was a fair 4 to 6 knots. The wind was a bit shifty but not too bad that we had to re-setup the course. After 2nd race there was a lull in the wind. We were planning on doing a 3rd race. The weather forecast had forecast that a storm was going to come through at about 14h00. We thought the calm was "the calm before the storm". We decided to cancel any further racing for the day.

The only hiccup for the day was that our hooters were not working, even though we had our battery on charge overnight. Fortunately for backup we had a vuvazella type instrument that we could use for the sound signals
